SHIELD LOAD CARRIAGE SYSTEM GUNFIGHTER™ BELT SIZING

Measure over your clothing from inside one hip bone to inside the other (**FIGURE A**). The ends of the belt should leave a **6" GAP** in the front of your waistline (**FIGURE B**). Once you have that total length, compare it to the chart below for belt sizing. If you desire a closer fit then simply measure leaving only a **3" GAP** to account for the Cobra® Buckle.

TOTAL LENGTH OF THE BELT BELOW REFLECTS MEASUREMENTS FROM END-TO-END, NOT PANT SIZES.
