

The logo features the words "Point Blank" in a bold, white, sans-serif font. The letter "o" in "Point" is replaced by a red and white target symbol. Below "Point Blank" is the phrase "BODY ARMOR" in a smaller, white, all-caps sans-serif font. The entire text is set against a large, stylized red and orange graphic that resembles a bullet casing or a protective shield, with a metallic texture and a gradient from red to orange.

CELEBRATING OVER 50 YEARS OF PROTECTING LIVES

## PROTECTING LIVES FOR OVER 50 YEARS.

Formed in 1973, Point Blank Body Armor is one of the first companies in the world to design and manufacture body armor and has since helped save the lives of thousands of law enforcement, military, federal and corrections professionals worldwide. We proudly manufacture our protective products in the United States and are committed to discovering groundbreaking innovations that enhance ballistic performance while rapidly responding to the needs of our customers. To those who wear Point Blank products while protecting society and defending our National Security, we salute you.

**Point Blank**  
**BODY ARMOR**

Wear It For **LIFE**.....

## OUR MISSION

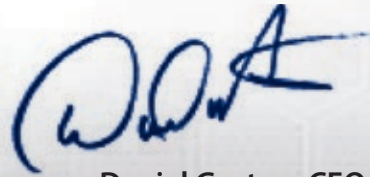

We design, produce and deliver the highest quality protective solutions in the world. We accomplish this by driving innovation, continuously improving our quality management system and exceeding customer expectations.

A Message from our CEO:

Protecting lives is our top priority and we are committed to enhancing the most advanced technology with the same spirit and vision the highest standard in the industry and continue to raise that bar for the future. Our goal is to create a customer for life and do so by exceeding our customer's expectations.

We strive to continuously improve our industry-leading delivery times while also driving innovation through the development of the industries' highest performing products.

We pledge this to our loyal customers who are our protectors and defenders of freedom. We thank you for your service and continued support.

Daniel Gaston, CEO

Wear It For **LIFE**.....

# Design Technologies

Our dedicated team of design specialists continuously integrate advancements in material science, human engineering, and technological precision into every protective product. A deep understanding of customer applications allows us to be efficient and effective in designing based on evolving requirements. This passion for innovation allows us to employ a full spectrum approach to product development. This involves continuously sourcing the latest materials, interfacing with customers, introducing new enhancements, field testing our products, and developing new technologies such as Armor Smart.

Our mission driven solutions and expertise allow us to collaborate on specific customer designs that continue to set us apart.

"I am extremely proud of the talented individuals on our design team and their commitment to excellence. Working together, we balance creativity and experience to deliver innovative products that meet our customer's needs."  
 - Matt Asher, Director of Engineering and Development

## Design Team

Spanning over 50 years of securing patented designs, our design team continues its relentless pursuit of new intellectual properties which improve the functionality and performance of our protective products. Innovating New Product Design

Developing Products To Serve DoD Personnel

Customizing Products that Meet Individual Requirements

# Manufacturing Excellence

Point Blank Body Armor is recognized as one of the first companies in the United States to design and manufacture body armor. Since 1973, Point Blank has grown into an internationally diversified company with the most visible brand recognition, considered today to be the premier source of body armor systems in the world.

At Point Blank, we know the complex and ever changing threats law enforcement and corrections officers face each day and intrinsically understand their needs for optimum ballistic protection that combines maximum comfort and mobility with split-second adaptability.

For five decades, Point Blank has helped shape major developments in the body armor industry. Our unyielding commitment in delivering maximum performance products which consistently exceed military, National Institute of Justice (NIJ) and International requirements are a testament to our superior quality standards.

OUR PEOPLE MAKE THE DIFFERENCE.

# NIJ 0101.06 Soft Armor Ballistics

Protecting your community starts with equipping yourself with body armor that not only meets the highest level of protection but also exceeds your expectations for lightweight comfort and performance. At Point Blank, we're constantly pushing the limits beyond what you thought was possible in ballistic technology. We currently have more NIJ .06 certified products than any other ballistics company in the industry with a key emphasis of providing our customers with lighter, more flexible body armor systems with greater ballistic capabilities. More officers trust the Point Blank brand because when it comes to meeting your needs for life protecting technology, expectations can never be too high.

# CONCEALABLE BODY ARMOR

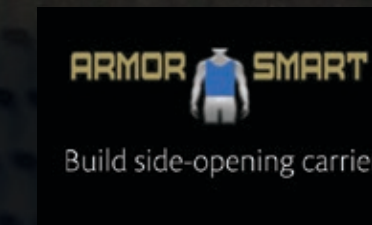

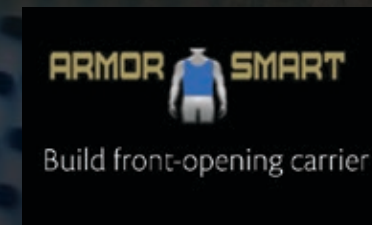

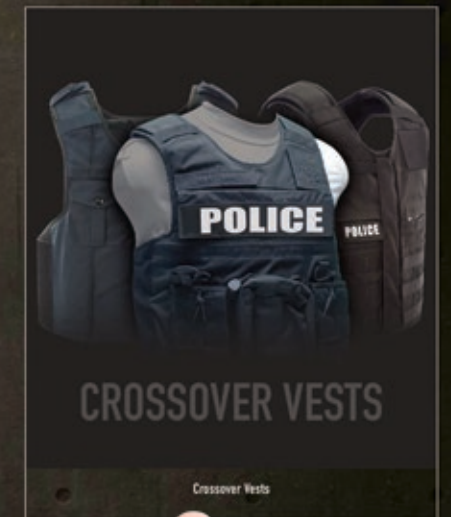

Point Blank's Concealable Body Armor Systems are specially designed to defeat specific threats and to suit personal needs for comfort and fit. The Elite, Vision, Hi-Lite, Python, Standard, Executive, Compression and Ultra Covert concealable carriers showcase leading-edge innovations which address critical factors such as the officer's work environment, type of duty assignment/ammunition, and geographic climate, among others. The end result of our uncompromising due diligence are vests that you can comfortably wear every day, that are backed by Point Blank's unparalleled quality assurance standards.

Armor Smart™ is an interactive body armor configurator app for desktop and mobile devices. The app enhances the product review experience by giving end users an opportunity to configure their body armor based on key features such as the ballistic shape, coverage, and NIJ threat level, as well as predefined options.

Try the ARMOR SMART App at [pointblankenterprises.com/armorsmart](http://pointblankenterprises.com/armorsmart)

**STANDARD FEATURES:**

- Lightweight, durable microfiber outer material
- Optional Thorshield material protection against electroshock
- Removable internal cummerbund
- Self Suspending Ballistic System (SSBS) helps prevent rolling and sagging of the ballistic panels inside carrier
- Top external loading, internal plate pocket with low profile hook/loop closure can accommodate Trauma insert and SPEED plates (Size dependent)
- Available in Male, MX4 contoured female, and Trufit unisex shape
- Available with anti-microbial and moisture wicking mesh tails

- Split shoulders for easy access to shoulder adjustment
- Four 2" elastic side straps for adjustment (4" bands available)

**UNIQUE FEATURES:**

- Anti-microbial and moisture wicking mesh on sides of chest for comfort against inner arms
- Durable packcloth lower liner
- Anti-microbial and moisture wicking mesh for upper liner
- Integrated EURUS™ ventilation panels for maximum breathability and comfort support (See more about EURUS™ panel on our website)

**COLORS:** Black, White, Navy & Tan

# ARMOR SMART

## Side Opening Carriers

The Armor Smart Vest Builder for side-opening carriers gives users the opportunity to customize their vests according to their individual needs and agency requirements. Select from 6 different front panel styles, 4 back panel configurations, 4 interior lining choices, and multiple side-closure selections.

Upon completing the process, the program allows the user to save their "build" for future reference when placing an order. This new digital platform takes the guesswork out of designing a vest and gives the added flexibility to personalize the experience from beginning to end.

Choose one of four side closure options that best meets your preference for comfort and fit

Standard Hook & Loop Closure (no additional cost)

Zipper Closure (no additional cost)

KWIQ Clip Buckle (up-charge)

MAG-TAK Buckle (up-charge)

### OPTIONAL SYSTEM FEATURES:

SPEED Plates

Hard Armor

### STANDARD FEATURES:

- Self Suspending Ballistic System (SSBS) helps prevent rolling and sagging of the ballistic panels inside carrier
- Tuck-in shoulders for low profile and professional appearance
- Left and right shoulder Mic/PTT attachment points
- Loop areas for ID panels, name and badge
- Center Mic/PTT attachment point
- Chest pockets for notebook and phone (up to 4"x6")
- Optional pocket zipper closure - removable adaptors to convert chest pockets to zipper style closure
- Internal trauma plate pocket fits 5"x8" plates
- Full-size top loading front and back rifle plate pockets for all day rifle threat protection
- Ballistic shapes available: Male, MX4 contoured female, and Trufit unisex shape

MC Shape

MX4 Shape

Trufit Shape

- Left and right multi-pockets, able to accept two pistol mags, hand cuff, radio, or two rifle mags
- Center utility pouch for equipment storage
- Fully adjustable side closure customization options:
  - o Hook/Loop Side Closure (standard)
  - o KWIQ Clip Side Closure (upgrade option)
  - o Zipper Side Closure (upgrade option)
- Rear, external officer rescue strap
- Rear, internal officer rescue strap
- Modular liner options sold separately:
  - o 1/4" spacer mesh (standard)
  - o 1/8" anti-microbial, moisture wicking spacer mesh
  - o 1/8" anti-microbial moisture wicking spacer mesh liner with EURUS™ Ventilation Panels
- Removable internal cummerbund
- Optional Thorshield® material protection against electroshock

**COLORS:** Midnight Navy, Black, OD Green, Ranger Green, Wolf Grey, Coyote

(Other Colors Available Upon Request)

# PACK RACK

Point Blank's Pack Rack is a discreet, compact and rapid deployable armor system with integrated accessories, designed to resemble a typical backpack but is so much more than meets the eye.

Removable, sliding, and stowable groin protection

## FEATURES:

- Integrated front buckle connecting points designed to facilitate rapid front panel detachment and to allow for custom front flap configurations
- External back bag handle doubles as both a drag strap and ID panel
- Front bag handle doubles as front ID panel when deployed
- Front plate pocket is designed for 10"x 12" shooters cut hard armor plate
- Back plate pocket is designed for 10" x 12" shooter or full-size hard armor plate
- Removable, sliding, and stowable groin protection
- Removable, sliding, and stowable lower back protection
- Integrated back admin pocket
- Integrated attachment points designed to carry a helmet
- Back anti slip panels for helmet security and protection
- Adjustable size strap ranges from 30 - 60
- Available colors: Black, Navy Blue, Coyote, Wolf Gray

1st: Convenient carry

2nd: Easily deployable

3rd: Don rapidly

4th: Extend groin & GO!

**FEATURES:**

- 500 denier nylon construction
- Dual bottom loading plate pockets on front and back; outer (strike face) pocket fits 10" x 12" Rifle plates and inner (body side) pocket fits foam along with 10" x 12" SPEED Plates/Ballistic Panel/Steel Plate
- 2" webbing adjustable shoulder strap with removable foam padded shoulders
- External cummerbund features envelope style opening at the top for ballistic inserts with an elastic hook/loop strap system on the inside for side hard armor plates – available in small, medium and large

- 360 degree MOLLE throughout the carrier
- Rescue strap (Back)
- Custom ID placards for easy and immediate identification

**OPTIONS:**

- Hi-Vis Cummerbund
- Level III / IV plate (approx. 1" thick)
- 6" x 6" plate for cummerbund pocket
- 10" x 12" shooter's cut (front & back)
- 10" x 12" soft armor backer
- Lower back and ab ballistic extender

**COLORS:** Black, Ranger Green, O.D. Green, Coyote, Red and Wolf Grey (Other Colors Available Upon Request)

**FEATURES:**

- 500 denier nylon construction
- Dual top loading plate pockets on front and back to fit two sizes of plate (Size dependent). All sizes fit 10" x 12"
- 2" webbing adjustable shoulder strap with removable foam padded shoulders
- External cummerbund (available in 3 sizes) features envelope style opening at the top for ballistic inserts with an elastic hook/loop strap system on the inside for side hard armor plates

- 360 degree MOLLE throughout the carrier
- Rescue strap (Back)
- Custom ID placards for easy and immediate identification
- Cable routing elastic tabs
- **COLORS:** Black, Ranger Green, OD Green, Coyote, Red, Wolf Grey and Navy (Other Colors Available Upon Request)

Image shown with optional Hi-Vis Cummerbund and ID panel

### FEATURES:

- 500 denier nylon construction
- High strength 400D packcloth nylon interior fabric with Tweave / Spacer Mesh
- Top loading hard armor plate pockets
- Hi-Vis reversible cummerbund (optional)
- Bungee lace cummerbund adjustment
- One size fits all shoulder straps
- Blood type identifier patch positioned on shoulder strap
- Two mag pouches in front of carrier
- Rescue strap (Back)

### OPTIONS:

- Hi-Vis Cummerbund
- NIJ Level III / IV 10" x 12" shooter's cut plate (front & back)
- 6" x 6" plate for cummerbund pocket
- Hi-Vis I.D. panels
- Trap protector
- Lower back and ab ballistic extender

### COLORS:

Black, Ranger Green, OD Green, Coyote, Red, Wolf Grey and Navy (Other Colors Available Upon Request)

### FEATURES:

- 500 denier nylon construction
- Reverse bellowed pocket design
- 2" shoulder straps
- Elasticity in waist strap
- External 3 Dimensional Rescue strap (Back)
- Maximum MOLLE compatible webbing system (front and back)
- Front and back hard armor plate pockets (bottom loading)
- Elastic keepers with padding for shoulder and waist for added comfort

- 3" x 7" ID panels on front and back
- Can be ordered with foam or ballistic plate backers
- One size fits most
- Available for 8" x 10" and 10" x 12" plate sizes

### OPTIONS:

- Stand Alone NIJ .06 Level III Shooter's Cut Plate
- Stand Alone NIJ .06 Level IV Shooter's Cut Plate
- Equipment Pouches

**COLORS:** Black, OD Green, Ranger Green, Multi-Cam, Coyote, Wolf Gray (Other Colors Available Upon Request)

Try the ARMOR SMART App at [pointblankenterprises.com/armorsmart](http://pointblankenterprises.com/armorsmart)

Point Blank's full-line of mission adaptable Tactical Body Armor Systems are exclusively designed to meet the demanding needs of high-risk tactical teams. Each vest features a fully-integrated modular design that offers instant adaptability, time-tested reliability and the most technologically advanced ballistic systems available today.

More SWAT officers trust Point Blank's tactical vests because there is no compromise when it comes to dangerous missions and their protection.

# FAS G4

FAS G4 is a scalable and modular low profile carrier, capable of providing configurations for multiple mission needs. With the ability to scale down to a concealable, or scale up to a tactical, the FAS G4 is an armor system that surpasses the needs of any officer or operator in a streamline package.

**CP**

**UC**

#### FEATURES:

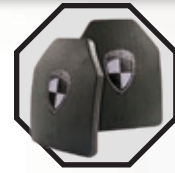

- Ergonomically designed to provide a slim, low profile fit
- Carrier can be worn concealed under uniform or as an external plate carrier.
- Front, back and side removable panels constructed of Tank Track™ laser cut materials are engineered to provide enhanced load carriage capabilities.
- Accommodates soft ballistics and/or bottom loading rifle plates
- Removable Tank Track™ laser cut panels located in:
  - Front, back and sides (available as complete set)
  - Shoulder straps with laser cut slits and hook/loop attachment
- Removable EURUS™ ventilation panels placed on hook/loop interior liner
- Adjustable elastic side straps for improved comfort and fit
- Multi-plate size removable pocket
- Low-profile drag handle
- Internal cummerbund for load management
- Infinity adjustment for waist and shoulders
- Laser cut Tank Track™ shoulder straps with rubberized material for stock grip
- Mic/camera attachment for each shoulder
- Admin pocket in center chest
- Removable Eurus™ panel liner
- Chemical temperature regulating material for liner
- Outer carrier and tactical configurations come with laser cut Tank Track™ cummerbunds with KWIQ Clips
  - Also available in Hook/Loop (Sold Separately)
  - Also available in MAG-TAK™ (Sold Separately)
- Padded shoulder wraps
- Comes in male, female and unisex shapes

# OPERATOR LASER

# DRAGON FIRE

### OPTIONAL SYSTEM FEATURES:

Hard Armor

Pouches

### FEATURES:

- Laser cut material flexes without losing strength
- Debris Management System limits the amount of debris being introduced into the vest and allows for any remaining water and/or debris to easily exit
- Shoulder cut allows proper stock weld
- Low-profile protective coverage
- Modular system accommodates optional collar, throat, biceps, side gap, groin and lower back armor protection

- Front and back 10" x 12" internal plate pockets

### OPTIONS:

- Ballistic collar, throat, biceps, and groin protection
- Hard Armor Plates (Size dependent)
- ThorShield® Electroshock Weapon Protection
- Pouches
- Trap protector

**COLORS:** Black, Coyote, OD Green, Ranger Green, Multi-Cam and Wolf Grey

Complete System Front

### OPTIONAL SYSTEM FEATURES:

Hard Armor

Pouches

### FEATURES:

- Exceptionally strong and durable 500 denier nylon outershell construction
- Self-Suspending Ballistic System™ (SSBS) helps prevent ballistic panels from rolling and sagging inside the carrier
- Rapid release system in the shoulders and waist for rapid doffing
- Top loading plate pockets in the front and back accommodates hard armor plates, 8" x 10" or 10" x 12" (size dependent on carrier)

Base Vest

- Hidden front "kangaroo" pockets with bungee retention adapters, capable of securing AR-15, M16, or similar magazines
- Removable, adjustable internal and external cummerbund for load bearing stabilization
- One size external cummerbund (Overlaps in back for smaller sizes)
- Reinforced drag handle

**COLORS:** Black, Coyote, Multi-cam, Ranger Green and OD Green

Front

**FEATURES:**

- Exceptionally strong and durable 500 denier nylon outershell construction
- Top loading plate pocket
- Bungee adjust external cummerbund with MOLLE and buckle closure
- Fits concealable shaped ballistics
- Internal cummerbund for adjustability
- Synch adjusting shoulder straps
- Side opening design with ballistic overlap

- Front and back ID panel attachment area
- Options include: Collar, Throat, Biceps and Groin protection
- Back to front adjustable side opening
- Reinforced drag handle
- Available in Laser Cut

**COLORS:** Black, Coyote, OD Green, Ranger Green, Wolf Grey and Multi-Cam

Back

**OPTIONAL SYSTEM FEATURES:**

Hard Armor

Pouches

Shown with optional KWIQ Clips closure

Shown with Standard Hook / Loop closure

**FEATURES:**

- Exceptionally strong and durable 500 denier nylon outershell construction
- Top loading plate pocket
- Standard with hook/loop stretch elastic side closure. Optional KWIQ clips or Zipper closure
- Fits concealable shaped ballistics
- Internal cummerbund for adjustability
- Synch adjusting shoulder straps
- Side opening design with ballistic overlap

- Front and back ID panel attachment area
- Options include: Collar, Throat, Biceps and Groin protection
- Back to front adjustable side opening
- Reinforced drag handle
- Alternative side closure options include zipper and KWIQ Clip buckle

**COLORS:** Black, Coyote, OD Green, Ranger Green, Wolf Grey and Multi-Cam

The **K-9 Operations Vest** is fully adjustable and may be deployed for searches, tracking extractions and more.

#### FEATURES:

- Exceptionally strong and durable 500 denier nylon outershell construction
- Durable abrasion resistant outershell construction
- Improved adjustability at chest for a secure fit
- Designed for rapid donning/doffing
- Built-in harness guides
- Split collar for full range of motion during tracking
- Oversized Mil-Spec D-Ring for rapid lead attachment
- Spinal plate attachment
- Body, chest and tail outershell

**COLORS:** Multi-Cam, Ranger Green, OD Green, Tan and Black

#### FEATURES:

- Exceptionally strong and durable 1000 denier nylon outershell construction
- Soft ballistic panels allow shield to unroll and provide instant protection (Separate storage bag included)
- Upper flap unrolls and suspends from vehicle door, boat rail, or support for breaching
- Two front plate pocket for use with 10" x 12" stand alone certified hard armor plates in Level III or IV (Hard armor plate not included)
- Easy access long pockets for housing of rods
- Rigid rods provide framing reinforcement of shield
- Return-to-Center mechanism for maintaining upper rod placement when shooting hands-free
- Elastic tension for long rod pockets for securing rods in an active environment
- Rigid rubber upper handle for maintaining grip integrity
- Lower strap handle allows for two handle application
- Sling permits hands-free shooting with pistol
- Alternate points of attachment for slings enable crosspoint or backpack style carry
- MOLLE Compatible webbing allows for adjustment of slings and shield height
- Folding positions allows for use in confined spaces
- Bottom loading flap for ballistic panel insertion
- Optional extra shoulder strap

Tandem Model

Rolled up

## BALLISTIC / BREACHING BLANKET

Point Blank's **Ballistic / Breaching Blankets** are manufactured from high-strength, lightweight ballistic fabrics which are designed to provide a protective barrier against (Level IIIA) ammunition.

#### FEATURES:

- Exceptionally strong and durable 1000 denier nylon outershell construction
- Abrasion and water resistant
- 6 heavy-duty, nylon carry handles
- Available with 2 PVC handles (not shown)

#### SIZES:

- 32" x 72" | 36" x 72" | 48" x 72"
- Special sizes available upon request

**COLOR:** Black

# CORRECTIONS CARRIERS

Our advanced body armor systems are specifically designed to help protect Corrections officers against spikes, shanks and other potentially lethal weapons typically found in corrections facilities. Tested and certified by NIJ, our body armor systems provide exceptional torso, bicep, neck and groin protection against ice picks and other sharp edged, pointed weapons.

We offer high performance stab packages in (Spike 1, 2 or 3), optional Edge Weapon Level III protection, as well as combo packages that offer ballistic and spike protection.

STAB THREATS

## PROTECTION AGAINST STAB THREATS

Body armor that is ballistic resistant does not necessarily make it stab or puncture resistant (and vice versa). Sharp edged and hand made instruments with pointed tips such as spikes, awls or shanks generally do not need to tear the fabric to penetrate - it merely moves the fibers aside. Point Blank utilizes a combination of super fine, ultra dense materials, which prevent pointed objects from spreading or moving the individual yarns to stop penetration / puncture.

## NIJ 0115.00 Standard for Stab Resistance

**NIJ STANDARD 0115.00**

**SPIKE LEVELS**

**S1**

**S2**

**S3**

The NIJ rates body armor on resistance to hand-delivered stab threats - the NIJ 0115.00 Standard. Maximum penetration of 0.28" / 7mm is allowed as serious injury is extremely unlikely with such a shallow wound. Also an "Over-test" is applied, to push the breaking point of the armor, where 0.79" / 20mm of penetration is allowed. Ice-pick or improvised "Spike" weapons testing is regularly conducted by Point Blank through it's independent laboratories.

### Spike Systems

Model	Level	Weight	Thickness
S-PL1	1	0.28 psf	0.08"
S-PL2	2	0.44 psf	0.12"
S-PL3	3	0.56 psf	0.14"

## Advanced Crowd Control Suit

### FEATURES:

- One size fits most adjustable extremity panels
- Body side spacer mesh
- Laminated outer material
- Impact polymer shell
- Adjustable straps with two attachment options:
  - G-Hook
  - Synch through
- Arms and legs use an adjustable daisy chain elastic strap, allowing each component to adjust to the user
- Thigh panels can be removed from the daisy chain to allow thigh holsters and drop legs
- Belt with hip pads come with set, but can be replaced with Duty, Gun, Instructor or Riggers belts
- Forearm to elbow and shin to knee have an expanding hard connection which allows the elbow and the knee to stay in the correct spot while kneeling or bending the arm
- Front and back 2"x 7" I.D. panels ordered separately
- Front has a 2"x 2" rank patch area
- Back has an A Frame drag handle
- Hand protection fits securely to the wrist making sure they don't come off during struggles and allows other gloves to be worn
- Front, back, forearm and thigh can take panels
- Stiffened belt to support hip pads, drop legs, and thigh protection (Can be substituted for pistol or gun belt)
- Hand protection can be used with additional glove protection (not included)
- Expanding chain joints to allow panels to stay in proper location during movement (IP Pending)

Helmet, Baton and Shield not included

## ENGINEERED TO PROVIDE MAXIMUM BLUNT FORCE PROTECTION

## VEST

### FEATURES:

- Exceptionally strong and durable 1000 denier nylon outershell construction
- Side-opening design allows instant donning and doffing
- One-piece collar, shoulder and bicep protection system
- Removable split collar design improves interface with multiple styles of helmets
- High density, foam padding for shock absorption
- Streamlined shape and slick carrier surface with or without MOLLE interference
- Adjustable side-wing closure system provides optimum coverage and fit

- No Spike or Ballistic protection
- Multifaceted shoulder strapping system offers enhanced adjustability
- Low profile front and back pockets to accommodate blade plates
- Retractable groin protector with integrated thigh strapping system provides secure placement
- 3M Scotchlite™ reflective tape positioned in the front and back of the vest for high visibility
- Shoulder pockets accepts 5" x 8" protection

### FEATURES:

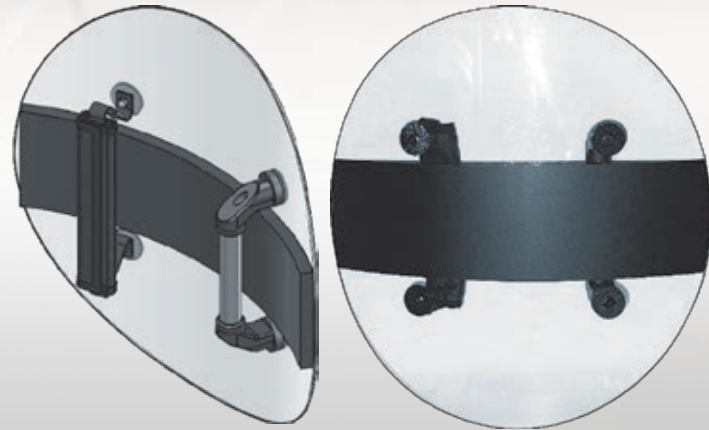

- Exceptionally strong and durable 500 denier nylon outershell construction
- Adjustable side opening design
- Enhanced blunt trauma protection in collar and shoulders
- Blade III / Spike III
- Thrust guard panels are removable from outershell
- Complete front, back and side stab protection
- Optional groin protector

## WARRIOR SHIELD

### Product Details

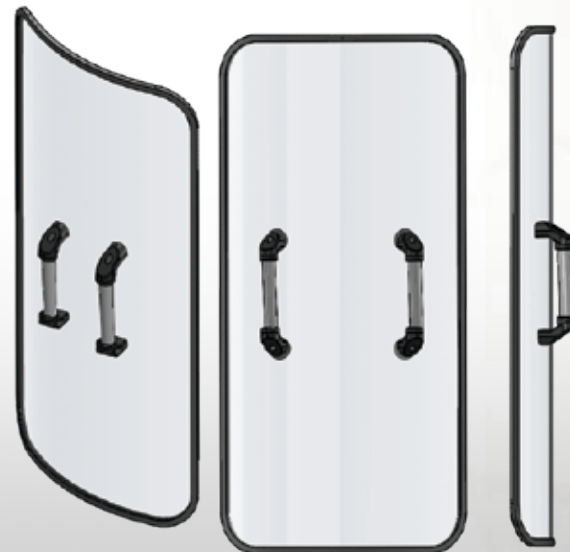

- Shield Material: Polycarbonate
- Handles Material: Polymer alloy with steel inserts
- Weight: 4 lbs.
- 24" round with a formed radius
- Spec: USA Departmental Specification
- Thickness is .25 inches
- Color: Clear

## ARREST SHIELD

### Product Details

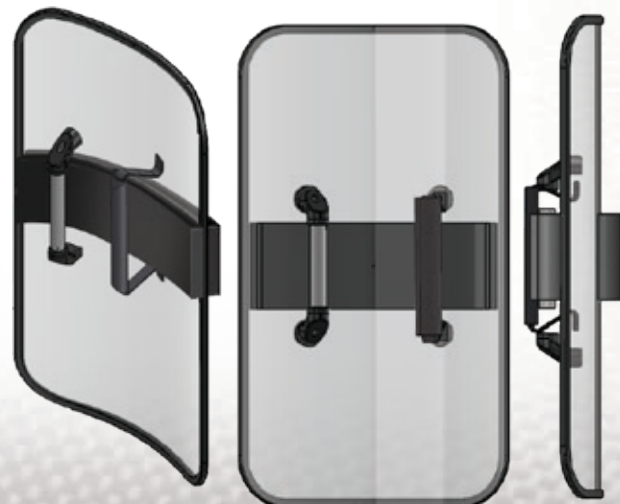

- Shield Material: Polycarbonate
- Handles Material: Polymer alloy with steel inserts
- Weight: 6 lbs.
- Sizes available:
  - 20"x 36" tall with a formed radius
  - 24"x 48" tall with a formed radius
- Spec: USA Departmental Specification
- Thickness is .25 inches
- Color: Clear
- Optional Machete Edge Protector

## MEDIATOR SHIELD

### Product Details

- Shield Material: Polycarbonate
- Handles Material: Polymer alloy with steel inserts
- Weight: 8.5 lbs.
- Sizes available:
  - 20"x 36" tall with a formed radius
  - 24"x 48" tall with a formed radius
- Spec: USA Departmental Specification
- Thickness is .25 inches
- Color: Clear
- Optional Machete Edge Protector

## Advanced Riot Control Helmet

Grid

Standard

### FEATURES:

- Material: Acrylonitrile Butadiene Styrene (ABS) plastic
- Colors: Black
- Polycarbonate with rubber seal (spill proof)
- Interior Liner: removable foam liner
- Quick release buckles
- Detachable .150" (3.8mm) thick face shield with liquid seal prevents liquid from seeping into officer's eyes
- Molded lip on top edge of face shield to prevent shield from closing over integral visor and striking the wearer's face
- Powder coated aluminum Face Guard for maximum strength and safety
- Snap-on nape pad with Kydex® penetration shield, shock absorbent foam pads and chemical-resistant

### RETENTION SYSTEM:

- 4-point attachment system with supportive neck pad allows for additional comfort and helps stabilize the helmet with the face shield in all positions
- Easily adjusted for a comfortable fit
- Picatinny attachment on both sides allows for placement of light and body camera leaving hands free for weapons (Light and Camera not included)
- Nape curtain attachment

### PERFORMANCE:

- Meets or exceeds NIJ Standard for Blunt Trauma for Riot Helmets - NIJ-STD-0104.02

### ARCH Accessories

Face Shields - Standard, Grid and Gas Mask

# Tactical Accessories

Enhance operational readiness and mission capabilities with our cutting edge tactical equipment. We deliver superior products that enhance the safety and performance of both domestic and international law enforcement and corrections professionals.

## Hard Armor Plates

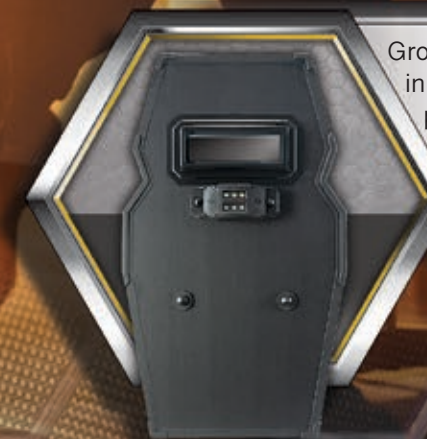

We offer a variety of hard armor plates ranging in construction from ceramic/aramid to ultra light-weight polyethylene. Offered in NIJ Level III, IV or Level III/IV In-Conjunction with Level IIIA, these plates provide superior protection from high velocity rounds. Available in different sizes, shapes and curvature options, our hard armor plates can meet the needs of any mission in the most extreme operating environments.

## Helmets

Constructed of high performing and light-weight aramid fibers in a composite matrix, our helmets provide solid protection against handgun bullets (9mm and .44 Magnum) and fragments. Our highly innovative helmet designs incorporate the latest bullet resistant safety standards, customized sizing, ergonomic comfort, and technical functionality, developed specifically for law enforcement and military operations.

## Ballistic Shields

Groundbreaking in design and unparalleled in functionality, maneuverability and overall performance, Point Blank offers a full line of ballistic shields available in different sizes, shapes and threat levels.

**Stand Alone**

## MODEL # 9900SA

Protection Type / Level: IV  
 Configuration: Stand-Alone  
 Thickness: 1.00"  
 Curvature: Multi-Curve  
 Construction: Ceramic / Composite

////// **BALLISTIC PERFORMANCE** ////

**Rounds defeated:**

- 7.62mm x 63mm .30-06 Cal. (M2AP)
- 7.62mm x 54R (API-B32)
- 7.62mm x 54R (LPS)
- 7.62mm x 51mm (M80)
- 7.62mm x 39mm PS Ball (MSC)
- 5.56mm x 45mm M855 (SS109)

SIZE	SHAPE	WEIGHT
6" x 8"	Full Size (single curve)	2.8 lbs
7.25" x 11.5"	Shooter's Cut	4.0 lbs
8.75" x 11.75"	Shooter's Cut	5.2 lbs
9.5" x 12.5"	Shooter's Cut	5.8 lbs
10.25" x 13.25"	Shooter's Cut	6.8 lbs
11" x 14"	Shooter's Cut	7.7 lbs

**Standard NIJ 0101.06 - Stand Alone**

## MODEL # 10800

Protection Type / Level: IV  
 Configuration: Stand-Alone  
 Thickness: 1.00"  
 Curvature: Single Curve  
 Construction: Ceramic / Composite

////// **BALLISTIC PERFORMANCE** ////

**Rounds defeated:**

- 7.62 x 63mm 30.06 (M2AP)
- 7.62 x 51mm (M80)
- 7.62 x 39mm PS Ball (MSC)
- 7.62 x 39mm BZ (API)
- 7.62 x 54R-mm (LPS)
- 5.56 x 45mm M855 (SS109)
- 5.56 x 45mm (M193)
- 5.56 x 45mm (Partition)
- 5.45 x 39mm (7N10)
- 5.45 x 39mm MSC (7N6)

SIZE	SHAPE	WEIGHT
6" x 6"	Full Size	2.5 lbs
6" x 8"	Full Size	3.3 lbs
8" x 10"	Comfort Cut	4.9 lbs
8" x 10"	Full Size	6.5 lbs
10" x 12"	Comfort Cut	7.8 lbs
10" x 12"	Full Size	9.4 lbs

### FEATURES:

- Durable aramid construction
- 3-bolt shroud that accepts NVG mounts and other accessories
- Side rail with Piccatiny® inserts on both sides of the helmet
- Ultra-comfort combat pad system with phase change technology, keeping you cool in the summer and warm in the winter
- Outperforms all other pad systems in independent impact testing
- Harness/Retention System features BOA® Chinstrap Harness and 4-point attachment with supportive neck pad which allows for additional comfort and helps stabilize the helmet with the face shield in all positions

### PROTECTION LEVEL:

- Stops NIJ-STD-0106.01 Level IIIA threats including 9mm, 44 mag & .357 SIG (NIJ 0106.01)
- Fragmentation Protection: STANAG 2920 & MIL STD 662F

Size	Head Size (inches)	Weight (lbs)	Head Size (cm)	Weight (kg)
Small	19 - 22	2.6	50 - 56	1.2
Medium	21 - 23	2.6	53 - 59	1.2
Large	22 - 25	2.8	57 - 64	1.3
X-Large	24 - 26	3.3	61 - 66	1.5

\* Weight of the Operator Elite can vary from size to size and depending upon the accessories mounted on, or, omitted from the helmet.

### OPTIONS:

SOD-RFS-Rail Riot Face Shield with Rail Adapter • Ballistic Visor  
Anti-Fragmentation Visor • Anti-Riot Visor • Neck Protector • 7 Pad

### SOD-RFS-Rail Riot Face Shield with Rail Adapter (Optional)

- Tested to the NIJ 0104.02 Riot Standard
- Used to provide riot protection from impact, splash and fragments
- Locks into the stowed or deployed positions and can be released with one hand
- Protection against fluids, impact incendiary projectiles and riot conditions

### D3O® TRUST CIRRUS™ HELMET PAD SYSTEM

D3O unique patented and proprietary technologies provide both enhanced protection, versatile and flexible materials for a host of shock absorption and impact protection applications.

### COLORS:

Black (BKA) and Olive Drab (GND)  
Other colors are available to special order including IRR paint finishes.

### BOA® Chinstrap Harness with Rapid Adjustment Dial

The BOA® harness provides the ease of one-handed adjustment. Make quick and easy adjustments to tighten or release the fit, on the go. This harness offers the ability of having a quick release system to instantly loosen the harness around the crown of the head. Additionally, there is a push-pull element where push is engaging the system and pull releases it.

The **MICH helmet** features a reduced weight, higher cut at the back and sides and removal of the front peak. This new low profile helmet provides excellent compatibility with communications equipment, gas masks and helmet mounted night vision goggles.

The helmet is tested to and exceeds the US ACH mil spec for 2, 4, 16, 64 and 17 gr fragments.

### PROTECTION LEVEL:

NIJ 0106.01 Level IIIA, HP White 0401.01B Level IIIA and exceeds US mil spec for ACH helmet for 2, 4, 16, 64, 17 grain fragments.

### AVAILABLE CONFIGURATIONS:

Both the ACH-MICH and ACH-MICH MID-CUT helmets come in either a US MIL Std or US LE ( Law Enforcement ) version. ACH-MICH-MIL and ACH-MICH-MIL MID-CUT come equipped with 7 pad suspension system, ACH-MICH-LE and ACH-MICH-LE MID-CUT come equipped with our standard Omega mesh harness system.

**WEIGHT:** 2.7 - 2.98 lbs

**COLORS:** Black, Tan, O.D. Green

Other colors are available to special order

LEVEL III

LEVEL III+

# ASPIS IIIA+

The **ASPIS IIIA+** Shield is ideal for quick deployment in tight quarters. Exceptionally lightweight, this high performing Level IIIA+ shield delivers optimal protective coverage with enhanced maneuverability for left or right handed operators.

## FEATURES:

- Level IIIA+ protection
- Federal Standard NIJ-STD
- Accurate long-gun deployment
- Ballistic Material - Hybrid composite
- Thick high density foam pad 7" x 7" x 1.5"
- 20"x 30" with lights weighs only 15.75 lbs.
- 20"x 30" without lights weighs only 14.00 lbs.
- 20"x 30" without viewport weighs only 11.50 lbs.
- Mitigates ricochets when deployed on the ground
- Unique hook/loop forearm strap attachment system
- Silhouette shape provides firearms deployment on both shoulders
- Polyurea coating for enhanced durability and longevity
- Better peripheral view
- Solid Handle System

## TECHNICAL SPECIFICATIONS:

- NIJ STD-0108.01
- Ballistic Material - Hybrid composite
- Must come with 3 components:  
Handle, Foam Pad and Forearm strap system
- Viewport - (Trapezoid Shape)

## SPECIAL THREATS ROUNDS TESTED:

- 9mm 124 / FMJ
- .44 Mag. 240/LSWGC
- .357 SIG 125 gr. GDHP
- 9mm Focchi 115 gr. FMJ
- 9mm Winchester +P+ 127 gr. SXT
- Romanian Tokarev 85 gr. FMJ
- Bulgarian Tokarev 85 gr. FMJ
- Chinese Tokarev 85 gr. FMJ
- 5.7 x 28mm Hornady 40 gr. V-Max (Blue Tip)
- 5.7 x 28mm Hornady 27 gr. SS195 (LFHP)

## OPTIONS:

- With or without viewport
- LED light with strobe (900 lumens)
- Transport Bag

# HOPLITE IIIA

Designed for immediate active shooter response, this exceptionally lightweight shield provides the ultimate combination of high performance protection, optimal functionality and usability.

## FEATURES:

- Tested to NIJ-STD-0108.01
- Shield construction available in flat or curved shape
- Designed for maximum defensive capability
- Durable polyurea coating
- Unique forearm strap attachment system
- Weight of the shield system w/ optional features does not exceed 19 lbs.
- Shield body thickness is .3"
- Reinforced bolt system for added protection

Description	Weight (lbs.)
20X30 FLAT	9.8 lbs.
20X30 FLAT W/VP	13.1 lbs.
20X30 FLAT W/VP, W/LT	15.1 lbs.
20X30 CURVED	9.9 lbs.
20X30 CURVED W/VP	13.3 lbs.
20X30 CURVED W/VP, W/LT	15 lbs.
24X36 FLAT	13.5 lbs.
24X36 FLAT W/VP	15.6 lbs.
24X36 FLAT W/VP, W/LT	17.6 lbs.
24X36 CURVED	14.6 lbs.
24X36 CURVED W/VP	16.5 lbs.
24X36 CURVED W/VP, W/LT	18.22 lbs.

All models, data and specifications are subject to modification by manufacturer without notice.

## OPTIONS:

- With or without viewport
- LED light with strobe mode
- 1200 Lumens
- Transport bag
- Viewport – Constructed of 1" thick polycarbonate that provides a viewable area while maintaining Level IIIA protection
- Flat viewport has a viewable area of 8" x 2.75"
- Curved viewport has a viewable area of 12" x 3"

Flat

Curved

## SPECIAL THREATS ROUNDS TESTED:

- 44 MAG. 240gr.
- 9mm x 19mm 115gr. FMJ

# BELLATOR IIIA+

The **Bellator Shield** is specially designed to meet the demanding needs of high-risk tactical teams. Providing greater vertical protective coverage and a dynamic shape for long gun deployment, the Bellator offers the perfect combination of protection and performance.

## FEATURES:

- Level IIIA+ protection
- Tested to NIJ-STD-0108.01
- Accurate long-gun deployment
- Ballistic Material - Hybrid composite
- Polyurea coating for enhanced durability and longevity
- 24"x 36" with viewport weighs only 14.40 lbs.
- Lightweight 24"x 40" with viewport weighs only 16.10 lbs.
- Mitigates ricochets when deployed on the ground
- Unique hook/loop forearm strap attachment system
- Thick high density foam pad 11" x 7" x 1.5"
- Silhouette shape provides firearms deployment on both shoulders
- Better peripheral view
- Stationary handle

## SPECIAL THREATS ROUNDS TESTED:

- 9mm 124 / FMJ
- .44 Mag. 240/LSWGC
- .357 SIG 125 gr. GDHP
- 9mm Fiocchi 115 gr. FMJ
- 9mm Winchester +P+ 127 gr. SXT
- Romanian Tokarev 85 gr. FMJ
- Bulgarian Tokarev 85 gr. FMJ
- Chinese Tokarev 85 gr. FMJ
- 5.7 x 28mm Hornady 40 gr. V-Max (Blue Tip)
- 5.7 x 28mm Hornady 27 gr. SS195 (LFHP)

## OPTIONS:

- With or without viewport
- LED light with strobe mode
- 1200 Lumens
- Transport Bag

# BELLATOR III

## FEATURES:

- Level III protection
- NIJ-STD-0108.01
- Weapon Mount System (WMS)
- Ballistic Material - Hybrid composite
- Two shooting platforms for accurate handgun and long-gun deployment
- Interior options:
  - Stationary handle
  - Tri-Grip Handle
  - Unique Hook and Loop forearm strap attachment system
- Viewport Reinforced on all edges for added protection
- Reinforced Bolt System for added protection
- 3" x 9" Reinforced Viewport
- Recessed Viewport to provide additional protection against abrasive contact

**Sizes:** 20" x 30" 20lbs. with light  
24" x 36" 26lbs. with light

## SPECIAL THREATS ROUNDS TESTED:

- 7.62 x 51mm 147gr M80
- 7.62 x 39-mm, 123-grain LCCJ
- 5.56 x 45-mm, 55-grain M193

## OPTIONS:

- With or without viewport
- LED light with strobe mode
- 1200 Lumens
- Transport Bag

# PHALANX IIIA+

The **Phalanx** is considered the most agile Level IIIA+ shield for hand gun and long gun deployment. A wide, trapezoid shaped viewport provides excellent viewing capabilities while the mounted platform on each side allows the operator to position their weapon for optimum firing position.

## FEATURES:

- Level IIIA+ protection
- 100% boltless system
- More functional viewport
- Polyurea coating for enhanced durability and longevity
- Lightweight (26" x 36" with viewport) is only 20 lbs.
- Best agile performing shield for handgun and rifle deployment
- Wider ballistic protection at top
- V-shape added strength to the entire center length of the shield
- Weapon mount platform on both sides
- Better view at 12 o'clock and conversely when held inverted 6 o'clock position
- Thick high density foam pad
- Mitigates ricochets and diverts away from center
- Unique hook/loop forearm strap attachment system
- Accurate handgun and long-gun deployment
- Stationary handle

## SPECIAL THREATS ROUNDS TESTED:

- 9mm 124 / FMJ
- .44 Mag. 240/LSWGC
- .357 SIG 125 gr. GDHP
- 9mm Fiocchi 115 gr. FMJ
- 9mm Winchester +P+ 127 gr. SXT
- Romanian Tokarev 85 gr. FMJ
- Bulgarian Tokarev 85 gr. FMJ
- Chinese Tokarev 85 gr. FMJ
- 5.7 x 28mm Hornady 40 gr. V-Max (Blue Tip)
- 5.7 x 28mm Hornady 27 gr. SS195 (LFHP)

## OPTIONS:

- With or without viewport
- LED light with strobe (900 lumens)
- Transport Bag

Inside

Standard Phalanx Model

## TECHNICAL SPECIFICATIONS:

- Viewport (Trapezoid Shape)
- Ballistic material - hybrid composite
- Must come w/ 3 components: Handle, foam pad, and forearm strap system

# PHALANX X III

The **Phalanx X III** provides Level III protection. A wide, trapezoid shaped viewport provides excellent viewing capabilities while the mounted platform on each side allows the operator to position their weapon for optimum firing position.

## FEATURES:

- Level III protection
- Components offered on the interior of the shield
- Solid Handle System
- Thick high density foam pad
- Unique hook/loop fastener forearm strap attachment system
- Integrated non-ballistic weapon mount system
- Three positional shooting platforms

## TECHNICAL SPECIFICATIONS:

- • NIJ-STD-0108.01 Level III Compliant
- Ballistic Material – Hybrid Composite
- Size is 20" x 36" (+/- 1/2")
- Weight with viewport and light do not exceed 26 lbs.
- Viewport – 3" x 9"
- LED 900 Lumens light system
- Shield thickness is 1" (+/- .1")

## SPECIAL THREATS ROUNDS TESTED:

- 7.62 x 51-mm (M80)
- 7.62 x 39-mm, PS Ball (MSC)

## OPTIONS:

- With or without viewport
- LED light with strobe mode
- 1200 lumens
- Transport Bag

# VANGUARD III

The Vanguard provides level III rifle threat protection and is available in three shapes. A wide rectangular shaped ballistic viewport provides excellent viewing capabilities while the weapon index platform on each side allows the operator to position their weapon for accurate handgun or long-gun deployment.

**FEATURES:**

- Level III protection
- Thickness = 0.4"
- 3" x 9" Reinforced Ballistic Viewport
- Left and right weapon index platform for accurate handgun or long-gun deployment

- Solid handle system
- Thick high density foam pad
- Hook and Loop forearm strap attachment system
- Reinforced Ballistic Bolt System for added protection

**Ballistic Performance for All 3 Shields**

**Special Threats Rounds Tested**

- 7.62mm x 51mm (M80)
- 7.62mm x 39mm PS Ball (MSC)
- 5.56mm x 45mm (M193)

**VS**

- 20" x 30" - 14.8 lbs with viewport
- 20" x 30" - 16.1 lbs with viewport & light

**VL**

- 21" x 36" - 16.8 lbs with viewport
- 21" x 36" - 18.1 lbs with viewport & light

**VR**

- 21" x 36" - 18.5 lbs with viewport
- 21" x 36" - 19.7 lbs with viewport & light

**XL**

- 20" x 48" - 25.5 lbs with viewport

# TRIFECTA III+

This high-performance shield has been both internally and externally validated to ballistic performance levels that meet the requirements—NIJ Level III Plus.

**FEATURES:**

- Level III+ Protection
- Components offered on the interior of the shield:
  - Stationary handle
  - Thick high density foam pad
  - Unique hook/loop fastener forearm strap attachment system

**TECHNICAL SPECIFICATIONS:**

- NIJ STD-0108.01 Level III Compliant
- Ballistic Material – Hybrid Composite
- Size is 21" x 36"
- Weight with viewport and light is less than 35lbs.
- Viewport – 3" x 9"

**SPECIAL THREATS ROUNDS TESTED:**

- 7.62 x 51-mm, (M80)
- 7.62 x 39-mm, PS Ball (MSC)
- 5.56 x 45-mm, M855 (SS109)
- 5.56 x 45-mm, Tactical Bonded (TC)

**OPTIONS:**

- With or without viewport
- LED light with strobe (1000 lumens)
- Transport Bag

# M.R.S. POUCHES

Our latest line of Mag Retention System (M.R.S.) pouches are MOLLE compatible and modular to fulfill the mission requirements for multiple operations. Designed to optimize durability and functionality, our pouches ensure equipment stability under the most extreme conditions. Constructed of high-tenacity nylon, these pouches defy the rigors of daily use while providing maximum tear and abrasion resistance.

## Key advantages of our MRS pouches include:

- Streamlined design
- Quicker to draw magazines
- Allows user to properly index magazine

w/ Tank Track™

# 2024

## SAVES INDUCTEES

Each year, Point Blank honors law enforcement officers that have been saved by our protective products through our National Saves Appreciation Program. In December 2024, we had the opportunity to meet the most remarkable individuals who truly epitomize courage, bravery and dedication. These incredible men and women spanning over a dozen states across the U.S. attended our annual Saves Awards Event in Pompano Beach, Florida. Throughout the event, officers were able to share their experiences with other officers and their respective families. Their entrust in us forms the very foundation of our mission... to protect and save lives.

We're thankful for their service and grateful to have these officers become a part of our Point Blank family.
