The **TYR Tactical® PICO-DS Assaulters Plate Carrier (TYR-PICO-DS)** is a lightweight and configurable system. It acts as a scalable foundation which the operator can configure based on mission requirements

#### FEATURES:

- PALS Webbing for MOLLE Attachment
- Features a removable Quick Attach Surface Mount(QASM)buckle system for integrating chest racks and other accessories
- The circumference of the Three Row Slotted Base Cummerbund incorporates poly mesh which quickens dry time in both arid and humid climates. It also allows excess heat to vent, further decreasing dry time.
- Removable MOLLE Front Flap with MOLLE/PALS webbing to attach mission specific pouches
- NEW 1.5" Low Profile Shoulder Pads with easy front to back overlapping adjustment
- Hard sewn zippers on the back of the carrier allow the user to integrate DS Assaulters Zip-On Back Panels
- Reinforced Drag Handle
- Wt. 4.15 lbsMedium Carrier with T52/SP Soft Armor
- Engineered utilizing our revolutionary Patented PV® material

**Carrier size relates to the size of the plates:**

**Small:** 9.75"x12" Plate Pocket

**Medium:** 10.5"x12.75" Plate Pocket

**Large:** 11.25"x13.5" Plate Pocket

**XLarge:** 11.75"x14.65" Plate Pocket

**Available in four different styles depending on the profile (thickness) of your plate.**

**PICO 1** will hold SAPI/ESAPI plates (.75" thick)

**PICO 4** will hold the Morgan Level III plate (.75" thick)

**PICO 6** will hold TYR-HA3/7 plate styles (.5" thick)

**PICO 7** will hold the LTC28780 Swimmers Cut plate (.5" thick)

**FIGURE A**

**FIGURE B**

The **TYR Tactical® PICO-DS Combat Adjustable Chest Rack (TYR-DSCR001)** provides true “Mission Adaptability” for the end user. It was designed to be worn as a stand-alone rack (**FIGURE A**) or it can be attached to the PICO-DS Assaulters Plate Carrier via the Quick Attach Surface Mount (QASM) buckle system (**FIGURE B**). Each rack comes standard with a removable H-Harness. Additionally, a removable antimicrobial/FR treated spacer mesh pad is used internally for comfort and decreased dry time in arid/tropical conditions.

**FEATURES:**

- Medium General Purpose (GP) Pouch Dim: 4.5”H x 6.25”W x 1.25”D
- Small General Purpose (GP) Pouch Dim: 4.5”H x 3.25”W x 1.25”D
- Four Combat Adjustable Mag Pouches that conform to both the 5.56 and 7.62 magazines. They are secured internally with a rubberized contact-grip material when retention bungees are not in use.
- Two 9mm Pistol Mag Pouches. They are secured internally with a rubberized contact-grip material and magnets when retention bungees are not in use.

- Both GP Pouches have internally sewn Velcro® loop to secure items when stowed.
- MOLLE/PALS webbing on the H-Harness allows for the attachment of carabiners and other mission specific gear.
- High strength and abrasion resistant 4-way stretch Tweave is used on the gusset of the small GP pouch which allow it to expand when needed.
- Adjustable/Removable shoulder and waist straps
- 500-denier Cordura®

**TYR Tactical® PICO-DS Assaulters Chest Rack (TYR-DSCR005)**

**FEATURES:**

- Four M4/M16 Mag Pouches which are secured internally with a rubberized contact-grip material when retention bungees are not in use
- Four 9mm Pistol Mag Pouches which are secured internally with a rubberized contact-grip material when retention bungees are not in use
- MOLLE/PALS webbing on the H-Harness allows for the attachment of carabiners and other mission specific gear
- Adjustable/Removable shoulder and waist straps
- Engineered utilizing our revolutionary Patented PV® material

The **Huron™ Collapsible Direct Action Assaulters Pack (HRN-DAAP-DS)** attaches to our TYR Tactical® PICO-DS Plate Carrier via two 9" separating zippers. This attachment system allows for a quick disconnect and reconnect of the pack to your carrier. The DAAP-DS may also be utilized as a Stand-Alone Pack with its two low profile shoulder straps. The shoulder straps can be removed or remain on the pack when attached to the carrier, this allows the user to remove the pack from their carrier and then quickly don the pack again via the shoulder carry straps. The DAAP-DS can carry hydration, a 117-G Radio and/or other equipment for various mission sets. The DAAP-DS features a zippered expandable main compartment that has two antenna/cable routing ports, an internal hydration pocket with top hydration port, two external general purpose pockets and a removable beavertail for storing a helmet or transitional garments.

#### FEATURES:

- 500d Cordura®
- Collapsible Main Compartment from 5" to 3"
- Qty.1 Tapered GP Pocket  
4.75"H x 7.50"W x 2"D
- Qty.1 Padded Bottom GP Pocket  
6"H 8.50"W x 2"D

The **TYR Tactical® DS Zip On Platform 50 Oz. External Hydration Pouch (TYR-APLF-DS051)** attaches to the TYR Tactical® PICO-DS Assaulters Plate Carrier. The external 50 oz. Hydration pouch features a Tweave gusset. This relieves tension and pressure that is normally placed on the body.

#### FEATURES:

- 50 oz. External Hydration Pouch
- MOLLE/PALS Front Exterior
- Internal Mesh Pocket

The **TYR Tactical® DS Zip On Platform MOLLE (TYR-APLF-DS001)** attaches to the TYR Tactical® PICO-DS Assaulters Plate Carrier. It creates a scalable utilitarian solution

#### FEATURES:

- MOLLE/PALS Front Exterior
- Internal Mesh Pocket

The **TYR Tactical® DS Chem Bio Zip On Platform (TYR-APLF-DS002)** includes an integrated, tapered GP Pouch and P-Mask Pouch. It attaches to the TYR Tactical® PICO-DS Assaulters Plate Carrier.

#### FEATURES:

- Qty.1 Tapered GP Pouch  
Dim: 5"H x 8"W x 2"D
- P-Mask Pouch
- Mesh Sleeve

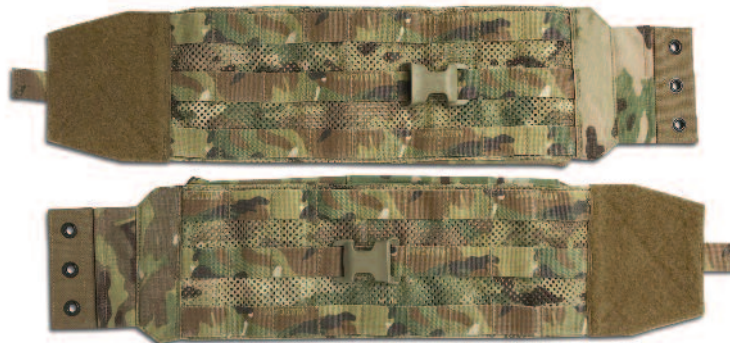

The **TYR Tactical® Ballistic Lower Abdomen Platform (TYR-LW109MV)** attaches to the front plate pocket via hook and loop adapter platform. It also provides additional load carriage locations for tourniquets, breaching rounds, flashbangs and firing systems.

**FEATURES:**

- Engineered utilizing our revolutionary Patented PV® material

The **TYR Tactical® Armored DS Slotted Base Cumberbund (TYR-PICODS3R-106-SOU)** has PALS webbing for MOLLE attachment. The Circumference incorporates poly mesh which quickens dry time in both arid and humid climates. It also allows excess heat to vent, further decreasing dry time.

**FEATURES:**

- DS Slotted Base Cumberbund holds four M4/M16 mags internally
- Designed to fit standard issue side armor panels

Magnetic GP Pouch Closure

The **TYR Tactical® Ballistic Lower Abdomen Platform -GP Pouch (TYR-LW109-GP1)** attaches to the front plate pocket via hook and loop adapter platform. It also provides additional load carriage locations for tourniquets, breaching rounds, flashbangs and firing systems.

**FEATURES:**

- Engineered utilizing our revolutionary Patented PV® material

Front Zippered Compartment

The **TYR Tactical® Armored Warrior Ballistic Shoulders (TYR-AW107-1.5)** offers increased protection and comfort.

**FEATURES:**

- Available in sizes Small/Medium or Large/XLarge
- Removable Ballistics
- 1.5" Shoulder Strap Velcro® Closure

The **TYR Tactical® Ballistic MV Groin (TYRLW110MV)** attaches to the front plate pocket via hook and loop adapter platform or mounted to the back of the MV Lower Abdomen Platform. It also provides additional load carriage locations for tourniquets, breaching rounds, flashbangs and firing systems.

**FEATURES:**

- Engineered utilizing our revolutionary Patented PV® material

# QUICK RELEASE SLOTTED MESH CUMMERBUND

**TYR Tactical® Quick Release Slotted Mesh Cummerbund** includes the **Tactic Buckle System** which eliminates the need for users to lift the kangaroo flap for donning and doffing. The system provides a quick connect for users to don and doff the plate carrier utilizing one hand in less than 2 seconds. One buckle cummerbund may be utilized in combination with a standard hook cummerbund, allowing the user to have a fixed side and a releasable side.

## FEATURES:

- Available in sizes Small, Medium, Large & XLarge
- External MOLLE/PALS webbing with Internal Mesh
